

Piaggio Medley 125 Sport

3026.00 €

Marca: Piaggio

Disponibilidade: **falha de stock**

Piaggio Medley enters the market with a winning combination of style, technical components, technology and functionality. Elegant and exclusive characterized by clean lines in aluminum color, chrome elements and specific color combinations. Dedicated to all those who want to highlight the elegance, Medley is the perfect combination of technology and security with the practical elements such as luggage space under the seat for two helmets - as never seen before in this segment. Unique in style and safety, thanks to the standard ABS system two channels, comfortable and protective for both the driver and for the passenger. The S version is available with the new engine 125 4tempos, 4-valve, liquid-cooled, electronic injection and Euro4. Each technical solution helps to maximize performance and reduce consumption (47,5kms / l WMC cycle), noise and pollutant emissions.

Technical features:

Motor

Single cylinder 4 stroke Piaggio i-get with system "Start & Stop" Displacement 124.7 cc
Bore / Stroke 52 mm / 58.7 mm
Max power 9 kW / 8250 rpm
Max torque 11.5 Nm / 6500 rpm
Distribution camshaft head (SOHC) with four valves
Liquid cooling
Power electronic injection
With wet sump lubrication
Electric start
Gearbox automatic variator
CVT with torque converter
Automatic centrifugal dry clutch

Frame

Structure monoberço steel tubes with reinforcement in stamped plate
Front suspension hydraulic telescopic fork, 88mm travel
Rear suspension Double hydraulic shock absorber double acting with adjustable spring preload in 5 positions, stroke 76mm
ABS braking system Bosch two channels 10.0
Front disc front brake Ø 260mm, with floating caliper dual piston 2x Ø 25.4 mm
Rear disc rear brake Ø 240mm, with floating caliper dual piston 2x Ø 22 mm
Front tire Tubeless 100 / 80-16 "
Rear tire Tubeless 110 / 80-14 "
Height 799 mm saddle
Wheelbase 1390 mm
Dry weight 132 kg
deposit Fuel Capacity 7 liters (of which 1.5 liters reserve)
CO2 emissions 53 g / km
Homologation Euro 4
